**SALES CONTRACT**

All puppies are guaranteed free of all infectious diseases for a period of two weeks from the date of purchase. In addition, all puppies must be seen by your veterinarian within 72 hours of purchase. Congenital or genetic defects that appear in the pup prior to 18 months of age and that prevent the animal from enjoying life as a companion dog are also covered by this guarantee. Veterinary proof of such condition must be provided, as well as examination of the animal(s) by the breeder's veterinarian, (at breeder's election). If it has been satisfactorily determined that the owner has reared the pup properly - providing a correct diet, proper exercise and veterinary care, as well as appropriate living conditions, pups will be replaced with an animal of the same sex and quality from the first available litter. The breeder bears no responsibility for any medical costs in excess of the purchase price of the puppy. This guarantee is null and void when there is evidence of improper care by the owner. The purchaser agrees to follow the dietary plans/exercise programs/veterinary schedules/training and living conditions suggested by the breeder.

Show prospects are guaranteed to be free of any physical defect or major deviation from the breed standard that would disqualify it from the show ring at the time of purchase. They are also guaranteed to be sound breeding stock at the time of purchase. They are not guaranteed to finish a championship. Replacement of show prospect animals will follow the same procedure as above; however, the animal to be replaced is subject to resale as a companion dog by the breeder. All show/breeding dogs will remain co-owned by Breeder for the duration of their lives. Any and all breeding prospects will be approved by breeder after appropriate health testing results have been reviewed for both Sire and Dam. We reserve breeding rights to all show quality males for *bitches owned, co-owned or leased by Manoka's Honeybee*.
